Sir:

Applicant filed the application covered by the caption indicated above on October 10, 2001. The examiner took the position that Page 3 of the specification was illegible, and it was required that Applicant submit a substitute specification with new drawings together with a statement that the replacement page(s) contain no new matter. The United States Patent and Trademark Office issued a NOTICE TO FILE CORRECTED APPLICATION PAPERS - FILING DATE GRANTED document. That paper documented the fact that the filing date was granted for the application. Further, however, it documented that "Papers must be legibly written either by a

typewriter or mechanical printer in permanent ink or its equivalent in portrait orientation on flexible, strong, smooth, non-shiny, durable, and white paper. Application papers must be presented in a form having sufficient clarity and contrast between the paper and the writing thereon to permit the direct reproduction of readily legible copies in any number by use of photographic, electrostatic, photo-offset, and microfilming processes and electric reproduction by use of digital imaging and optical character recognition. Pages 3 are not in compliance with 37 CFR § 1.52(a). *The drawings are unacceptable because: Replacement page(s), together with a statement that the replacement page(s) contain no new matter, are required.*" The paper also required that a surcharge in the amount of \$130, for a large entity, or \$65, for a small entity, be submitted.

The period for response was set to expire two months from the date of that paper. The unextended deadline for responding was, therefore, January 14, 2002. However, enclosed with this COMMUNICATION please find a PETITION FOR EXTENSION OF TIME and our check in the amount of \$55.00.

Please find enclosed the "RESPONSE" copy of the NOTICE TO FILE CORRECTED APPLICATION PAPERS - FILING DATE GRANTED document, a substitute specification; substitute drawings; a Petition for Extension of Time; and our checks in the amount of \$65.00 (for the surcharge) and \$55.00 (one-month extension of time).

The undersigned attorney hereby avers that no new matter is contained in the enclosed replacement pages and substitute drawings. All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful, false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful, false statements may jeopardize the validity of the above application.

In view of the action taken herein, Applicant would submit that the requirements imposed by the NOTICE TO FILE CORRECTED APPLICATION PAPERS - FILING DATE GRANTED paper have been complied with. It is, therefore, requested that the application be passed for examination.

Respectfully submitted,

Jong-Ok KIM

By his attorney,
